

std::true_type

```
graph BT; A["playrho::IsSquareMatrix< Vector< Vector< T, M >, M > >"] --> B["std::true_type"]
```

The diagram illustrates an inheritance relationship. A light gray box at the top contains the text 'std::true_type'. Below it is a darker gray box containing the text 'playrho::IsSquareMatrix < Vector< Vector< T, M >, M > >'. A blue arrow points from the top of the darker box to the bottom of the lighter box, indicating that 'playrho::IsSquareMatrix' inherits from 'std::true_type'.

playrho::IsSquareMatrix
< Vector< Vector< T, M
>, M > >
